For: ELEVATOR BELT ASSEMBLY WITH WAXLESS COATING

REQUEST FOR RECONSIDERATION

Mail Stop AF
Commissioner for Patents
P. O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

This is responsive to the Office Action mailed on December 29, 2006. Applicant respectfully requests reconsideration of this application.

The Examiner's interpretation of the *Wilcox* reference is directly contrary to the express teachings of that reference. It appears from the Final Office Action that the Examiner is acknowledging that *Wilcox* discloses a wax. Therefore, it is impossible to interpret that reference as disclosing a waxless urethane.

The Examiner's comments on page 4 regarding a hypothetical limitation on Applicant's claimed waxless urethane based on a statement in the specification has no basis in law and does not provide any reason to maintain the rejections against Applicant's claims.

60469-037
OT-4812

There is no *prima facie* case of anticipation or obviousness against any of Applicant's claims. The rejections must be withdrawn and this case should be allowed.

Respectfully submitted,

CARLSON, GASKEY & OLDS
